CARD OF THANKS

We wish to extend our sincere thanks to
each and every one of our neighbors and
friends who so kindly assisted us in saving
our home and furnishings from the fire, which
was destroyed last but for the timely
aid and heroic work of the men who ex-
tinguished the flames.
MR. AND MRS. E. C. GREENE.
Norway Center, Me., Sept. 4, 1923.

NORWAY AND VICINITY

Mr. and Mrs. W. A. Lewis, Mr. and
Mrs. Eugene A. Descoteaux and Philip
Some enjoyed a trip around the White
Mountains in Mr. Stone's car early this
week. They drove through Fryeburg to
Crawford Notch, the Plume and Fran-
conia Notch, returning via Pinham
Notch and Gorham, N. H.

Conger Bros. shows played to good
business on August 30, matinee and eve-
ning. The circus was the one ring variety
and set up on Price's lot beyond
Charles Blake's lumber yard on Cottage
Street. Two side shows and numerous
games were grouped around the main
tent, making quite a settlement.

The fire department was called about
1:30 Tuesday afternoon to put out a
blaze on the roof of the package shop
on Main street, the temporary quar-
ters of the Norway Turning Co. The
new motor chemical arrived before the
alarm finished blowing and "all out"
sounded within a minute after the chemi-
cal went into operation. Shingles and
boards were chipped over the edge and
the fire in diameter and a lively blaze
started with quite a breeze to help it
along. A spark from some chimney
nearly is believed to have caused the
blaze.

Mr. and Mrs. M. J. Mathews of Rich-
mond, Virginia, have been summering in
Maine and are now spending a week or
two in Norway before leaving for the
south. Mrs. Mathews is a native of Bal-
timore, Maryland. Her grandfather, Ed-
ward Whitman, was born in Maine. He be-
came widely known as the editor of the
Maine Farmer and president of the
Maine Agricultural College.

A trial run of the new motor chemical
with a hose car trailer and company was
made from Tannery Bridge to Hutchins
Lane, Pleasant street, Monday evening.
The full mile was covered at 150 feet
per minute and a stream on within 3 min-
utes after the alarm.

Mr. and Mrs. Freeman C. Smith and
family enjoyed a week's vacation at Bar
Harbor. Estelle and Dorothy Smith
were at Bar Harbor two weeks. Mrs. Guy Morse
and two children returned with them to
reside until after county fair. Mr.
Morse will visit the fair one day.

Dr. and Mrs. Russell Bethell of Rich-
ford, Vt., were guests of Mr. and Mrs.
Fred H. Cummings over Sunday. They
were visiting relatives and friends in
this vicinity over the week end and hol-
iday.

The ladies of the Farm Bureau will
meet at the Grange Hall Saturday, Sept.
8, at 10 a. m. The dinner committee in-
cludes Mrs. Hazel Hunt, Mrs. Hattie
Buck and Mrs. Frank Buck.

L. E. Vivian and family of New York
City returned to their camp at the lake
for Sunday and Labor Day.

Henry Bridge of Bridgeton, the well
known car vender was on the fair
grounds, Monday, peddling the tiny
cars from his auto. A large family
Winthrop Mellick of Medford, who
has been in town several weeks, has re-
turned to his home to resume college
work.

Mrs. Etta Davis passed Sunday with
her mother Mrs. Lydia Wing, at the home
stead in West Sumner. A large family
gathering also included Mr. and Mrs.
Fred Wing and son Harold of Auburn;
Mr. and Mrs. Bert Wing of Rumford
Falls, Harold Fickett and wife of Rum-
ford, Wesley Hammond and wife, Bert
Hammond and Mrs. Sarah Berry, all of
Rumford, Alton Hadley and wife of
West Sumner.

Mr. and Mrs. Walter King have re-
turned to their home at Taunton, Mass.,
after visiting relatives in Norway and
Auburn the past five weeks. Mrs. E. C.
Smith accompanied them for a visit of
two weeks or more.

Mr. King will be remembered as first baseman on Bill
Leath's "Radcliffe" which upheld the
Norway traditions against West Paris,
Oxford and Mechanic Falls in the days of
special trains and fist fights. He has
moved from active baseball and engaged
in the wholesale candy business.

Mrs. Helen Brooks and son, Alonzo
Brooks, of Charleston, Mass., were
guests of Mrs. Charles Russell, Water
St., over Sunday and the holiday. They
came by automobile.

Late reports show that Farmington
claims the Tri-County League champion-
ship by one game. It remains to be seen
whether or not the claim stands, as many
believe the situation is up to the league
officials to settle. So far as Twin Town
is concerned, an opinion is expressed
that wrangling over the question would
be childish and poor sport.

W. S. Knight had the mud guards
tipped from his Studebaker, on the
element road below the village, Sunday.
The auto going the damage is said to
have been traveling at good speed and
using the road belonging to Mr. Knight.

Mr. and Mrs. B. F. Wilder have re-
turned to New York, after a ten days
visit for recreation and bass fishing.
Despite unfavorable weather they fished
several large fish and enjoyed the visit.

Clayton, "Pete" Farmington is home
from Montreal, Can., where he has been
employed this summer. His friend, Jack
Murry, of that city is visiting here for
two weeks. Clayton will enter Colby
College this fall.

The H. F. Webb Co. corn factory
starts Monday, Sept. 10. Manager
French has engaged considerable help.
The quota for the Southern Oxford
Chapters of the American Red Cross is
\$300 for the Japanese Relief fund.
Contributions should be handed to Philip
F. Stone, the treasurer. The New Eng-
land quota for the fund is \$550,000 and
the full American quota is five million.

Large numbers from this vicinity
attended State Fair this week at Lewis-
ton.

Mr. and Mrs. Frank J. McCarty have
been here packing the remainder of their
goods. They went to Mr. McCarty's
relatives in Holyoke, Mass., for a visit
and expect to start soon for a permanent
home in St. Petersburg, Florida, travel-
ing by the ocean route from New York
to Jacksonville. Mr. McCarty's health
is improving slowly and he believes the
climate will prove more helpful than
medicine.

Mrs. Eliot A. Fuller recently entertain-
ed her father, John C. Minot, Flora Bar-
rett, Fannie Minot and Rev. J. C. Rogers,
all of Bath. They came in Rev. Mr.
Rogers' car.

The Wild Cats entertained Friday evening
at the Roberts Farm. A fine supper
was enjoyed.

BASEBALL

Twin Towns 4; Cuban Giants 0

The famous colored athletes from Hav-
ana, Cuba were wrecked at the fair
grounds, Saturday afternoon, when Hayes
with the team behind held the visitors by
brilliant fielding and sledge hammer
walling.

A shower delayed the game nearly
half an hour after four innings had been
played, but wet conditions failed to
hinder either team from going after it.
The Twins scored a single mark in the
fourth and three in the fifth, otherwise
goose eggs were hung on the score board
at the end of each session. On the whole
this game was one of the best for the
season with numerous thrills staged in
the outfield. Aside from one muff in
left field, and three bad throws charged
to the Cuban short stop, there was nothing
to mark against either team.

The Havana boys hit freely during the
closing innings but all punches were ill
timed and failed to produce. Robinson,
Perry and Moynahan contributed extra
bases with the crowd and were shining
marks toward puffing up the score board.

Inter-State Tourney

Labor Day was properly observed with
a Three-Day tournament at the fair
grounds and the Twin Towns topping
the pile for the big purse. Beverly,
Mass. cancelled and Groveton, N. H. filled
the gap very acceptably. In fact the
New Hampshire outfit nearly upset Billy
White's dope and the Towns barely es-
caped a search for second money.

Groveton 7; Saxnoville 1

The morning game brought together
the Saxnovilles from Massachusetts and
the Grovetons. This wasn't much of a
fight as Saxnoville appeared with a
cosmopolitan line-up, prone to errors
and weak swinging. Groveton easily
clipped on the lid and closed the vaude-
ville sketch with a score of 7-1.

Twin Towns 8; St. Joseph 2

Real baseball stuff was unspaced dur-
ing the afternoon before a large crowd
Twin Towns were matched with the St.
Josephs of Lynn, Mass., and a brilliant
game it proved. The Norwayites work-
ed like a well oiled machine, while the
Lynn boys sea-sawed and fumbled badly,
they lacked team work and gave pitcher
and weak swinging. Groveton easily
clipped on the lid and closed the vaude-
ville sketch with a score of 7-1.

Summary: Stolen bases, Perry, Moynahan,
Sacrifice hit, Peel. Bases on balls, Knight,

1. Double plays: Robinson, Moynahan,
Peel; Carrigan, Horne, Hadley. Wild pitch,
Knight. Umpire, Tilton.

Twin Towns 7; Groveton 5

The second game brought together the
winners for a final struggle. Groveton
opened with vicious jabs in the opening
frame and hooked two runs, holding the
Twins scoreless until a brace of hits
brought a tie in the fourth. A Groveton
landslide in the sixth netting three
marks which sounded like taking the
purse away and setting the visitors into
a good safe lead.

This doleful condition was quickly up-
set when White's boys landed the sphere
during their half of the sixth and
settled safely. Five runners crossed
before the gong sounded.

Neither scored after this breezy sixth
but there were many ticklish places
when a hit or a miss went one or more
crossings.

Beck hurled a steady game
and had brilliant support. Stewart of
Groveton, also pitched the real stuff and
the team behind was faultless. The
twins were nip and tuck, a winner de-
pending largely on the so called "breaks."

This was the best game for the day and
made a fitting climax for the best sea-
son in the history of local baseball.

Twin Town Talk

It's all over! The Twin Town players
shook hands all round, Tuesday morn-
ing and departed for their homes in
Massachusetts. Billy White remains in
Massachusetts in his pool parlors under Beals
Tavern. He will have a busy time saw-
ing wood for the Snowdrift League play-
ers will gather soon in his cozy corner
and swap yarns.

Capt. Mel Sampson says there is some
mistake in the name Saxnoville; it should
be pronounced "Lynchville" in view of
the brand of baseball displayed Monday
morning.

Twin Towns have played 42 games.
Lost 17 and won 25. Divided according
to months as follows: June, won 4, lost
1; July won 7, lost 7; August won 12,
lost 9; September, won 3, lost 0. In the
Tri-County League and townships, the
Twin Towns won 4 from Dixfield; 4 from
Farmington; and 5 from Livermore. They
lost 4 to Dixfield, 4 to Farmington,
and 2 to Livermore. The best feeling

has existed among players and fans
around the circuit, and the boys have left
a good impression for their clean sport-
smanship.

Tri-County Pennant Divided

Farmington defeating Livermore Falls
7 to 3 on Tuesday in a postponed game,
tied up the Twin Towns for first place
and divided the mythical pennant. Both
teams will remain champions as the
Towns displayed and scattered
therefore unable to settle the su-
preme argument.

This has been a great season for the
fans and many brilliant games have been
played, in fact, locally at least, we have
had the best line of baseball ever put on.
Weather conditions as a rule have been
ideal and patronage good.

The fans have stood behind Billy White
and his outfit and can find no fault with
the business management of the ex-
posed. As a whole, the working mem-
ber of that body, H. Walter Brown should
receive a rousing vote of thanks for skill-
fully handling affairs without any slip-
ups. It has been a regular job and no
small amount of time has been devoted
to the job. He has more than met the
pressing duties in his business to keep
the schedule running and the fans hap-
py. Despite many exasperating obstacles
"Buster" pulled the bus out and finished
with six cylinders pulling like a porous
plaster.

The boys on the team have not only
played ball to our entire satisfaction,
but have become our friends. We have
not considered them as "machinery," but
accepted them in our homes as hu-
man beings and found they were a can-
dor of young men, very sociable and en-
tertaining. Norway people endeavored
to make their summer engagement en-
joyable and send them away with a good
feeling for the town. We believe the
boys appreciated the "walking ghost"
every Saturday and were glad to have
the efforts put forth for their comfort and
entertainment. Hope they may come
again.

Manager Billy White needs no song of
praise for the fine work produced. Deed
usually speak louder than words, but a
few accounts are acceptable in life, they
mean little when you are not around to
enjoy their beauty. "White" has handled
the team with a master hand and
lived up to our expectations. He has had
his worries, lost sleep and put gray
hair under his cap. The fans had little
knowledge of "inside stuff" and prob-
ably never realized the bumps handed the
manager in the course steering the out-
fit. We finished the season in fine form
and must congratulate Billy for his part
in the exercises.

Even at this early date plans are
talked over about a team in Norway
next season. While the chances are good
for Twin Towns to enter another race if
a league should be formed next season.
The league idea is a good one according
to prominent subscribers, for it creates
excitement in a scheduled contest, and
brings all interested fans together on a
common ground.

RENEWED

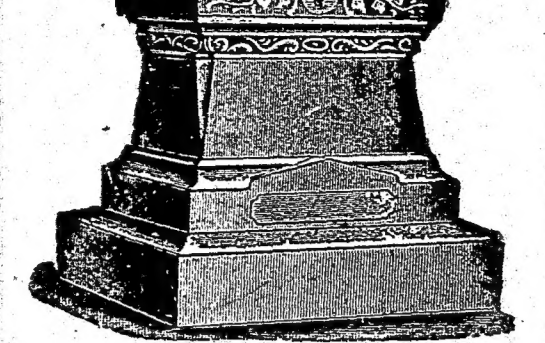

TESTIMONY

No one in Norway who suffers headaches or distressing urinary ills, can afford to ignore this woman's twice-told story. It is confirmed testimony that no Norway resident can doubt.

Mrs. Myrtle Payne, 237 Main St. Norway, says: "I used Doan's Kidney Pills and am thoroughly satisfied they are a dependable kidney remedy. I had more or less pain across my back and kidneys which annoyed me when stooping or lifting. I found Doan's Kidney Pills good for the trouble and after I used this remedy the pains lessened. I have been practically free from the trouble since taking Doan's and feel they deserve my recommendation. (Statement given June 7, 1916.)

On September 3, 1920 Mrs. Payne said: "The statement I made holds good. I recommend Doan's as highly today as I have during the past. The good they did me has lasted."

LETTER OF APPRECIATION
I think all readers of the Norway Advertiser ought to extend a vote of thanks to Mrs. Lydia Lord Shedd for her very interesting letters for the paper from week to week. Her descriptive power is wonderful. One is carried irresistibly along with her through beautiful works for are in many different places which one has never visited and perhaps never may.

I, always, after looking at some of the (as I think) necessary local items, look for the welcome letter from Mrs. Shedd. I know she has no more interested or appreciative reader than myself, and I have no doubt, voiced the appreciation of all who have the privilege of reading her letters.—Mrs. Hattie A. Small.

EMPIRE GROVE CAMP MEETING

The closing day of this annual feast (Sunday, August 19) was made memorable by the morning sermon by Bishop W. P. Thirkield and the afternoon address by Dr. L. C. Hartman of Zion's Herald. The Bishop's Message left a deep impression of the winning reasonableness of the Christian faith with its key note in the divine love as revealed in Jesus. Very naturally Dr. Hartman brought a report from Russia, and it set his audience to thinking on lines very different from what most of the newspaper reports from that country would suggest. Only words of definite approval were heard concerning Dr. Hartman's message, and the stand taken by Bishop Blake in sympathy with the reform movement in the Russian church and in practical support of their desire for help in securing a trained leadership for that movement.

Unfortunately showers hindered holding these services in the groves. Many went away, but others crowded the church almost to bursting, with scores on the steps outside or in automobiles ranged near the opened windows.

The closing service was a symposium on the subject of Evangelism, four pastors giving brief, pointed addresses on vital phases of this important topic under the leadership of Dist. Superintendent Holt.

The institute features throughout the week were well cared for. Alice Louise Brown, Coarce Director of Religious Education, was much in evidence in special group meetings for Sunday School workers, in general addresses, and in the daily Children's Hour. Rev. E. A. Pollard Jones, scholarly, tactful, successful, won many opinions in his conduct of the Bible Study Hour. Rev. P. S. Riddon with small group of young people and Rev. C. B. Oliver with an active group of boys and in general recreational activities, gave good account of themselves in their departments.

The subject of respect for law was not overlooked. Rev. W. M. Forgrave, head of the Anti-Saloon League headquarters in Springfield, Mass., to answer the question, "Shall America go back?" and Hon. Oliver W. Stewart of the famous Flying Squadron took an afternoon to speak convincingly of the scheme of the foes of the Eighteenth Amendment and of the Volstead Law and to plead for the strenuous support of the forces of righteousness in the nation.

The addresses by L. M. Goodrich, district health officer and of Dr. Combs of the State Department of Health, dealt with the important matters of sanitation and the prevention of contagious diseases.

The chapel was filled each evening for a brief address on Methodist missionary work, either at home or abroad, illustrated with the stereopticon. This address was followed by an evangelistic sermon. The only deviation from this order was on Saturday evening when Bishop Thirkield gave his lecture on Mexico, an address packed with first hand information eloquently expressed.

The preaching was of a high order throughout, nearly all of it by pastors from this section of Augusta District. Any word of appreciation for one could be appropriately given only if enlarged to include all.

The attendance was somewhat larger than last year. The inspirational and practical value of the services, and the cordial atmosphere fostered by the social and recreational features have won all attending to the purpose of returning next year.

The electric lights just installed on the grounds gave great satisfaction. Dr. D. B. Holt, District Superintendent, deserves great credit as creator of the program and the presiding officer responsible for its success. Rev. J. A. Bean, Vice President, and Mr. H. E. Ring, Treasurer of the Association, gave untiring attention to the business side of affairs.

Mr. and Mrs. Dunlap, of Auburn, won many expressions of appreciation by their conduct of the musical features of the meeting, Mrs. Dunlap as accompanist, and Mr. Dunlap as solo singer and director of the choir.

LIGHTS ON VEHICLES

Every few weeks you read a newspaper account of a man, woman, family or party in a buggy being struck by an auto and killed. The buggy had no lights and the oncoming motorist who killed them could not see the buggy until it was too late.

Anyone, driving any kind of a vehicle after dark, without lights, is taking his life in his hands. What a waste of time there is in the sorry practice of longing to do what we cannot do instead of doing gladly the thing that we can do.

Benefit Piano Recital

There will be a benefit piano recital given in the Grange Hall, Monday evening, Sept. 10, by Olga McKee assisted by her sister, Sylvia McKee, violinist, and Mrs. Alice Barden Welcome, vocal soloist.

Olga McKee is well known as a Finnish young lady, valedictorian of her class of '23 W. P. H. S. She has five daughters of Elias McKee. She has a marked musical talent with a long desire for a higher musical education. She has been encouraged by many influential friends, who have helped her to a plan to earn her way and she has decided to go to Boston and enter the Faelton Piano School and take a four years college course in music.

Miss McKee has always been willing and glad to help in any and all entertainments that have been given here in recent years whenever she has been asked, and her friends are more than glad to show their appreciation of the same by attending this recital, thereby helping and encouraging one who is trying to make the most of her ability.

Curtis' family Friday, when a father and son were taken to the hospital at Augusta the same day in separate conveyances and both so demoted as not to know each other. C. Howard Lane, a recent chaut and business man for 40 years, served his district as representative to legislature, was justice of the peace and did much legal business. The fire of about two years ago which ruined his home and business was a big blow to a man and his family at his age, and then came the sickness of his son, Chester H. Lane, Jr., who has been gradually failing with diabetes for two years or more until his mental ability was so affected as to require men watching him night and day last winter for a while. All things with the elder man's feeble health discouraged him and he attempted suicide by cutting his throat with his razor. Ever since, he has been growing worse until it was thought safer and best for him to go to Augusta where he will be under special physician's observation. The same with his son, Chester, too, was a very likable young man and full of life and jokes before he was taken ill. He, too, was just of the peace and clerked in his father's store and there the customers sought him to serve them. Each of these men have left their wives, Margaret Lane, daughter of Chester and Delia and Minnie Lane, sisters of the Berlin, N. H. C. Great sympathy is expressed by the entire community.

Mildred Davis has returned to her school teaching in Springfield, Mass. Beatrice, her sister, accompanied her and will attend a business college in Boston and live with her aunt, Mrs. Manning Mesereau, at Medford.

What is the Life of an Exide Battery?

Many car owners have obtained five or more years of service from their Exide Batteries. Others permit their batteries to be ruined in a few months through neglect and preventable abuse. The things which do the greatest damage are lack of water, lack of charge and property secured. So we say frankly to Exide owners that the life of their batteries is largely in their hands. Keep your battery well charged, filled with water, clean and properly secured in its place and it will give a long life and unflinching service.

Agricultural Class Trip

A fine four days trip through Maine and New Hampshire has been completed by the members of the Agricultural Club of Norway High School with their leader and instructor Prof. Edward H. Brown. They left Norway Thursday morning, August 23 at 8:15 o'clock, seventeen in number, in a large truck with Forrest Longley as chauffeur, and two lads with Prof. Brown in his running. A complete camping outfit was taken. The first stop was at Mt. Morey farm, on Pigeon Hill, where the whole plant was inspected. At Gray they saw the 21 air planes in squad formation on their way to Bangor. Portland was the next stop where they enjoyed their noon meal. They drove through the promenades and visited other points of interest. At 3 o'clock they left for Portsmouth, N. H. and on the way visited the Sagadahoc Farms, where two classmates of Prof. Brown at the University of Maine are foremen. Here they were shown every attention and where there was anything of interest to see, the boys saw it.

On the way, a short stop was made at York Beach and other places. Three miles this side of Portsmouth, the party decided to camp for the night near the ocean and supper was prepared in quick time. After this part of the program a visit was paid to Portsmouth where the big celebration was going on and the whole city was decorated with flags.

Back to camp all settled down for the night. Bright and early the next morning, they were astir and preparing breakfast, and camp was broken at 6:45 and another visit was paid to Portsmouth.

It was an interesting sight to see the 2000 men and their wives at the Navy Yards. The boys visited the Yards and were allowed to go through all the shops where they saw the ships in the making and went on board the new steel vessel that was leaving that morning at 11 o'clock for Gloucester. She carried 500 planes and 2 hydroplanes, which would make a fine sight from the vessel.

They saw the demonstration of how the start would be made. They saw the loading of automobiles, several destroyers leaving the harbor, saw in the making two of the largest steel submarines in the world, all of which was intensely interesting. After this they heard the big band play a selection before leaving the city.

Leaving at 10 o'clock they went to Durham, and visited the New Hampshire State College and everything possible was inspected, the Campus, the buildings, and especially the poultry department. Some time was passed here as there was much to see of value. Returning to Dover, lunch was the first on the program, and the boys were interested to watch the steeple jacks removing the decorations from the tall buildings. At 3:30 the journey was resumed to Lake Ossipee. Along the way the principal cities and towns were noted and several of the lads kept a record of all the places passed through. Comparative land values were made as the farms were passed and all kept their eyes open for anything of interest. A pretty spot on a brook that runs into Lake Ossipee was chosen for their camping place, and each boy got busy with his part of the work.

At 1:30 a thunder shower disturbed their slumbers and there was a scramble for cover as many were sleeping on the grass, rolled in their blankets. They awoke in the morning to find the sun completely hidden in the clouds but breakfast was prepared and camp broken and the journey taken up for North Conway to the Glen by way of Jackson. Arriving at the Glen house a stop was made, hoping the clouds would lift, but a part of the plan had been to hike to the summit of Mt. Washington. This was the first disappointment of the trip.

With no sign of sunshine they went on to Gorham where they had dinner and after seeing all there was to be seen, journeyed to Bethel and Gilead. At the latter place they visited the Jack Chapman farm and saw the fine Hereford herd. At Bethel they visited the William R. Chapman farm, were Prof. Brown over for several years before entering college. After a thorough inspection here, they went to Bethel Hill, and visited Bethel Inn, looking over the farm connected. The Hill was well looked over and admired. It had been planned to camp at Songo Pond that night so they went their way to that place and selected a camp site. Swimming was the chief feature and after a refreshing dip the boys settled for the night and sound sleep was the order of the night. Breakfast Sunday morning was refreshing and after breaking camp they boarded the truck and traveling by way of Waterford reached Norway at 11 o'clock. The trip had covered 300 miles and it was voted to be the most successful of all the trips, and the first into New Hampshire. The boys were awake to the importance of the trip for an object lesson, for the main purpose was to gain information and along with the work to find what pleasure they could in sight seeing. Much credit is due Prof. Brown for organizing and carrying out the details of the trip, so successful.

CONSTIPATION OFTEN SYSTEM

NATURE HAS PROVIDED

For every violation of her laws Nature exacts a penalty; but she also has wisely provided relief, especially for the ailments of the human system. Since constipation is the most common of ailments, Nature endowed certain herbs, seeds, fruits and leaves with laxative properties. Early settlers, dependent entirely upon Nature, used the extracts from these plants to relieve and correct constipated conditions.

CONSTIPATION OFTEN POISONS THE SYSTEM

NATURE HAS PROVIDED RELIEF

For every violation of her laws Nature exacts a penalty; but she also has wisely provided relief, especially for the ailments of the human system. Since constipation is the most common of ailments, Nature endowed certain herbs, seeds, barks and leaves with laxative properties. Early settlers, dependent entirely upon Nature, used the extracts from these plants to relieve and correct constipated conditions.

Over seventy years ago, an old-fashioned Maine country doctor who didn't believe in harsh cathartics originated a prescription known as Dr. True's Elixir, the True Family Laxative, which since has given relief to many thousands of constipation sufferers.

The herbs used in its preparation are imported and of strictly pure quality; it helps to correct the cause naturally and relieve its attendant evils; it purifies the bowels as it cleanses.

Here is one of the thousands of cases where Dr. True's Elixir has helped. "As you have been a Godsend to me, that is a friend in need is a friend indeed," I will write and tell you about the value of your medicine—Dr. True's Elixir; be-

lieve me, it helped me. I eat everything that comes along; no more diet. I even tried raw onions for a test. Is that not luck after nine long years of only milk and eggs?"—Mrs. J. E. (Nuttley, N. J.)

To have a suitable laxative, one which she knows will prove effective, be easy to take and guaranteed pure, Mrs. Peter Velme of North Charleston, S. C., sent up North. She says: "I have great faith in Dr. True's Elixir, the True Family Laxative and Worm Expeller, and have been using it for over ten years. I send for it to my old home at Oxford, Me."

A well-known New Yorker writes: "While visiting in historic old Plymouth (Mass.), my family became acquainted with your Dr. True's Elixir, the True Family Laxative and Worm Expeller. It does all you claim for it in aiding digestion and relieving insomnia and constipation. Please ship me six large size bottles, for mother is in need of it."—Wm. I. Ralph.

Dr. True's Elixir, the True Family Laxative, was first a Maine medicine, then New England, now International. 40c, 60c, \$1.20.

Where Care Comes In

The third factor in battery life is likewise almost entirely in your hands. A battery is something not only to use, but to use up—like a tank of gasoline. You provide the electricity for starting, lighting, and ignition by using up the battery. The battery is not an inexhaustible supply of electricity. On the contrary, it is a boxful of electricity-making ingredients, and those ingredients must be restored, as used, or the supply will quickly give out.

Refilling the cells with water, recharging the battery regularly (both on the car and in the service station), and taking tests of the condition of the battery every two weeks are the only known ways to prevent a sudden, costly breakdown.

OXFORD

Lawn Party
 A night of merriment at Keen View, with colors flying and lantern gleaming mysteriously through the trees, and everybody happy! An Arabian night? Hardly, although it may be one in disguise! Friday night, August 31, the night of nights—when a never-to-be-forgotten lawn party was held at Keen View House, Oxford.

The posters announcing the event had promised much. The event itself did more than that—it kept every promise made. It may have been the last of August, but the May pole dance could not have looked any prettier, even in its own merry month. The pole was a delightful mass of red, white and blue. Seven little boys and girls, together with four "big" girls, formed the circle about it and gaily danced around the colored streamers which were flaunted so proudly in the cool night air.

The younger participants of this dance were Dean Peaco, Marietta Smith, Ruth and Ralph Johnson, Jennie and Elsie Wallo and Francis Peaco—all of East Otisfield. The Misses Nellie Poole of Oxford, Augusta Dick, Esther A. Peir and Ruth Schvalbe of New York constituted the "four big girls."

Even the city of Harrison had its representative at the party in the person of Chester Curtis, who alternately joked, recited and impersonated. His recitation, "Lackey," was admirably given, as were his screaming funny impersonations of the Scotchman and the Negro. A vocal selection, "Carissima" was tendered by Mary Sexton of New York. Last, but not least, the orchestra played its way into everyone's heart and, incidentally, feet, which fact, of course, accounts for the tireless dancing in which everybody joined. And away back in the trees were sheltered the ice cream and "hot dog" booths. They sure did a "rushing" business.

Gov. Baxter Has Declared A State Wide Referendum, for October 15th, 1923

To Vote Upon a Proposed LAW to LIMIT the HOURS OF LABOR IN ALL MAINE INDUSTRIES to 48-Hours a Week

While this Applies to Women and children Only, It Will Compel All Industries to limit Their Operation to 8-Hours a Day and 48-Hours a Week

Vote "NO" on This Proposed Law for the Following Reasons;

1. If adopted it would mean 48-hours a week (eight hours a day) in all Maine trades and industries. The Farmer MUST accommodate himself to this shorter day and week.
2. The shorter week will raise the cost of all manufacture; but not raise the PRICE OF FARM Products.
3. It will hurt Maine because it puts her in harder competition with the South and West, and all other industrial states in New England, except Massachusetts.
4. Only one other Industrial state where men and women work together (Massachusetts) has any such law, as this proposes. Massachusetts is rapidly losing ground in her industries. The South is taking them away from her. They work SIXTY hours a week, ten hours a day in the South. In some of the great Industrial states of the South, they have no restrictions as to hours. Industry objects to making Maine the Goat. Maine is slipping now; why hit her again. The Farmer will have to pay the bills if industries fall off.
5. This 48-hour law was voted down in Vermont, New Hampshire, Rhode Island, within the past three years.
6. Maine is struggling to hold her own against competition of long hauls distance from market, cost of fuel, etc. The General Welfare of Maine is most important to Agricultural and Rural Life. The employees of industries make the market. Over 100,000 people are employed in the industries of Maine.

Don't vote to damage Maine by putting her into harder competition with New Hampshire, Rhode Island, Vermont, and every other industrial state in the Union except Massachusetts. Give Maine a chance.

Vote "NO" in the Referendum of OCT. 15th DON'T NEGLECT TO VOTE

ENLARGED COMMITTEE, ASSOCIATED INDUSTRIES OF MAINE

L. M. Carroll, Chairman, Norway, Maine

Wooltex Coats The New Fall and Winter Styles

Wooltex offers first of all a wonderful group of dressy coats. They follow the slender silhouette that the Parisian woman has already adopted as her own. Mostly, they are of the becoming wrap-around type, closing at the left side, and so, of course, much of the trimming is one-sided, silk stitching, cording, braiding, insets of material. The materials in the coats are of the soft, deep-piled type, so warm and luxurious.
